

■ Fits of cop_0191 between the 1% and 99% quantiles (980 of 1000; 20 outside not shown; 449 of 1000 converged)

— US benchmark, theta of $\alpha_1[1,0] = 0.5061$

..... Median over all fits, theta of $\alpha_1[1,0] = 0.1516$

- - - Averaged parameter set used for the IRF, theta of $\alpha_1[1,0] = 0.1554$
