

■ Fits of cop_0191 between the 1% and 99% quantiles (980 of 1000; 20 outside not shown; 449 of 1000 converged)

— US benchmark, theta of nu = 1.648

- - - Median over all fits, theta of nu = 7.496

- - - Averaged parameter set used for the IRF, theta of nu = 7.956
